

Lutheran Church of the Resurrection, Marion Iowa

Technical Arts Lead

Part Time (5 hrs/week; \$18 - \$25/hr)

The Technical Arts Lead owns the technical aspects of worship and is responsible for assuring that those function as seamlessly as possible. This includes testing, setup, maintenance, and troubleshooting for the audio/visual aspects of our ministry each Sunday.

The primary areas of responsibility are live audio, live video presentation, audio feeds to livestream and in-house congregation, and presentation software.

Key Duties and Responsibilities

- Stream and record two worship services
- Effective communication and troubleshooting abilities
- Being physically present on-site from 7:15 am – 12:00 pm on Sundays
- Operate or staff with volunteers the soundboard, worship slides/media, camera and livestream technology
- Assure equipment is functional prior to worship
- Training of volunteers and coordinating their help as needed

Preferred Qualifications

- Live sound mixing, including EQ, compressors, noise gates (QU-32 digital mixer)
- Video production (able to operate switcher with multiple cameras – static and PTZ)
- Experience and skill with problem-solving and trouble-shooting, and ability to execute with appropriate priority and sensitivity
- Communication skills, ability to train and coach volunteers

Primary Tools

- QU-32 digital mixer
- BlackMagic ATEM
- PTZ & static video cameras/switcher
- OBS
- ReStream
